Great food, fast delivery

Paul

Always good food from here. Waited 2 hours but was worth it

By Takeaway Eat Customer

Pepperoni pizza was honestly the nicest pizza I've had from a takeaway that wasn't an Italian restaurant. No grease and a nice tasting pepperoni and pizza sauce. Kebab meat was also nicer than most. Only downside was my wife's chicken kebab wrap which she didn't enjoy. Didn't like the chicken that was inside so she shared mine. Next time she will get a pizza as she agreed about how nice the pizzas are.

So authentic. Borneos is one of my favourite places to eat! I've never ever had a problem, the quality is so consistent!
